

The officers of the graduating class of 1971 presented Supt. Albert Dittman a gift certificate to purchase a flowering crab tree and marker. The tree will be planted in October, north of the new Antioch High School building addition. Left to right: Mike O'Neill, president; Supt. Dittman; Diane Vos, Treasurer; and Dawn Ellis, vice president.

## Horse Show To Aid Extension Building Fund

If someone were to ask you if you had heard of the Lake County Agriculture, Home Economics, or 4-H advisers, you probably would say you had. But you wouldn't necessarily know exactly where their office is, or what it is called. All three positions are an integral part of the Lake County Cooperative Extension Service and operate from an office immediately in front of the Fairgrounds near Grayslake, on Rt. 45.

Bill Messerschmidt, one of the two Lake County 4-H advisers, goes on to say that as part of an "awareness campaign" to tell people more about the Extension Service, the Extension Building Association is sponsoring a Benefit Horse Show and 4-H Club Booth Trade Bonanza. The building which is three years old, is not yet paid for, and the proceeds from the show will begin dissolving the principle debt. The Horse Show and Trade Bonanza, to be held on Sunday, June 27, promises to include something for everyone in the family.

Horse and Pony enthusiasts can choose from 35 classes in which to ride. A trophy and 6 ribbons will be awarded for each class. In addition, eight high point trophies are available. Donation per class is \$1.25 for 19 yr. olds and under, and \$2.00 for those 20 and over. The judge is the well known George Graham.

Kids will delight in the various game and food booths such as a sponge toss game, where the 4-H adviser and others will be the target to throw at. Also included is a 4-H photography booth where your picture is taken and a 4-H'er will develop it for you within a matter of minutes. A pony will be raffled off by a 4-H club later in the day. All the festivities begin at 8:00 a.m. and continue until late afternoon. The adult Home Economics clubs, supervised by Mrs. Helen Volk, Home Economics adviser, join in the activities by sponsoring the lunch stands during the show.

Mr. Ray T. Nicholas, the agriculture adviser has helped plan and organize the whole program, along with the new assistant Home Economics adviser, Miss Cheryl Guyer. You may witness amateur trading and bargaining, as 4-H members swap items with each other. This might include:

(Continued on page six)

Northern Illinois Gas Company announced that Spike Horton, son of Mr. and Mrs. Herbert Horton of RFD 5, Box 186A, Antioch, was an honorable mention award winner in the school safety post contest. He is a second grader at Antioch Grade School.

## Policemen Awarded Pay Hike

Trustees Monday night approved pay increases for four Antioch patrolmen and a sergeant for the present fiscal year.

The pay hikes are retroactive to May 1. Patrolmen will get \$300 more during the current year, and the sergeant will receive a \$400 hike in pay.

George Bartlett, who heads the police committee, said the patrolmen will go back to working six days on, and two days off. He said the patrolmen requested this working arrangement, preferring it over a five-day week. "It will give us home police protection, though it will cost \$4,056 more," Bartlett said. "It's worth every bit of it."

The patrolmen will get five sick days, and the six major holidays. A patrolman working on one of the designated holidays will be compensated by an additional day's pay. The patrolmen and sergeant will get an increase of 15 cents in overtime pay from \$3.75 to \$3.90.

Two firemen were approved to attend the fire college at Champaign. An expense allowance of \$200 was allowed for the three-day session.

## Injunction Petition Is Denied

A request for a temporary and permanent injunction to prevent Fox Lake to annex 500 acres of Antioch Township by Fox Lake for development of a condominium was refused.

Antioch Township Supervisor Lloyd Murrie has sought the injunction to prohibit the annexation on the basis that his township would lose taxing power.

He also pointed out that there was no sewage system in the area to serve the development, that it would create a burden on the school system and that the residents would be double-taxed if the annexation were permitted.

In his ruling Associate Circuit Judge L. Eric Carey said the objectors did not present sufficient evidence to show that irreparable damage would be caused by the annexation.

Attached to the request for the injunction was a petition from 223 Antioch Township residents.

Conservationists also opposed the annexation because, they said, "wild life in the state park would be disturbed and perhaps destroyed by residential development."

## PM&L To Present Hansel and Gretel

During the month of August, the PM&L is planning to produce "Hansel and Gretel" directed by Charles Brown. Tryouts will be held at the Theatre, 877 Main Street, Antioch, Sunday June 13, at 2 p.m. Tryouts also will be Monday, June 14, at 6:30 p.m. There will be parts for children and adults.

## Writers Will Hear Weekly Paper Editor

Daniel E. Baumann, general manager and editor of Paddock's Circle newspapers, will speak on "Community Journalism" at the Waukegan Public Library Conference Room at 2 p.m. on Saturday, June 12th. He is the guest of the Writer's Guild of Lake County.

# Okay Revenue Sharing NEIPC Expansion Nixed;

A resolution was adopted Monday night by the Antioch Village Board in support of President Nixon's Revenue Sharing Concept. He has proposed to divert part of income tax funds to municipalities, towns, and villages around the country.

Village Mayor Raymond Toft spoke out in favor of the program which was explained to him and other city and county officials by Gov. Richard Ogilvie at a meeting Monday in Elgin.

"The governor wants to take these resolutions with him when he goes to Washington June 15," the mayor said. "I plan to write the governor in support of the revenue sharing concept whatever the decision of the trustees."

Toft recommended the program, contending that it will allow the village to spend the \$9 per person it would receive as the trustees see fit and not dictated by the state or federal govern-

ment. "It gives a free hand," said the mayor. "We could use it for whatever project we designated." Trustee Vern Barnstable said the money can be accumulated and could be deposited in local banks to draw interest until a worthwhile project is found.

There were no dissenting votes on the roll call.

Antioch will get about \$27,000 under the proposed program.

Trustees also adopted a resolution supporting the stand of the Lake County Municipal League which opposes the expansion of the Northeastern Illinois Planning Commission's authority rezoning of more than 10 acres and public works projects of more than a half-million dollars.

"It is contrary to the home rule policy of the newly-adopted constitution," said Mayor Toft.

Mayor Toft said the Northeastern Illinois Planning Commission

at a hearing last week urged that the proposed sanitary district plant expansion be cutback by two-thirds on the basis of a projected population increase of 2,500 in the next 10 years.

No official action was taken by the NEIPC on the Antioch plan at last Tuesday's hearing at which testimony was given by Frank Angelotti, village engineer; Trustee Barnstable, chairman of the sewer committee; Public Works Supt. Charles Maplehorpe; and Building Commissioner Walter Delaney.

Barnstable indicated that testimony offered by the Antioch group may have helped in the NEIPC on backing down on its opposition to the proposed expansion plan of the sewage plant.

Endorsement by the NEIPC helps in obtaining federal grants. A bill is pending in the legislature to increase the authority of NEIPC.

ANTIOCH, ILLINOIS, THURSDAY, JUNE 10, 1971

VOL. LXXXV. NUMBER 51

# Trustees Back Million Dollar Housing Plan

A million dollar multiple housing program was approved Monday night by the Antioch Village Board.

The six units, each containing 12 apartments, will be constructed on a site on North Main Street as soon as approval is obtained from the Illinois Environmental Protective Agency.

Each unit will contain four one-bedroom and eight two-bedroom apartments, an official said.

The project is being developed by the Triton Building Corp. of which an official is Richey V. Graham, of Antioch.

An application will be sought for permits to build three units in the first phase, according to an official.

The project is unique in many aspects inasmuch as it will be privately maintained as far as roads and underground developments are concerned.

Parking is provided for 1½ cars, it was said.

The project won board approval by a 5-0 vote.

Supporting it were Mrs. Margaret Nelson, Arnold Weber, George Bartlett, Vern L. Barnstable, and J. Irving Walsh.

The sixth trustee, Robert Wilton, was absent from the meeting.

In another matter, an investigation will be made to determine how to improve the Civil Defense system to better safeguard the Oakwood Knolls Subdivision.

Civil Defense Director Ed Frazier told the board that the present siren warning system does not reach the area.

A radio activated system to reach the Oakwood Knolls area was estimated to cost about \$700. A study has been ordered by the Village Mayor Raymond Toft.

Oakwood Knolls residents, Mr. and Mrs. Fred Elam, complained of inadequate police protection in the area as well as abandoned cars which are eyesores.

A police chief Jack Davis was asked by the mayor to look into the complaint and to resolve it.

The Elams also contended that some residents living in their area have not purchased vehicle stickers. They cited one motorist who is driving out of state license plates though he moved to Antioch late last year.

They also complained that some teens have been responsible for starting grass fires.

Chief Davis said a drive is planned to crack down on motorists who have not purchased their 1971-72 car decals.

## Deadline Dates Set To Cut Weeds

Vacant lot owners will have until June 23 to cut down the weeds on their property.

A proposal by Trustee Margaret Nelson won approval in setting the deadline. If the weeds are not cut, the village will cut them and bill the owner \$15.

The trustees, also at Mrs. Nelson's suggestion, set a second deadline date of August 16 to cut the weeds on vacant lots.

If not done, the village public works department will cut the weeds down and charge the owner \$15.

Mrs. Nelson is chairman of the weed committee.

On the proposal of Trustee Vern Barnstable, the trustees approved the hiring of two students to work in the street and water department at an hourly rate of \$1.75.

The two have been selected, according to Barnstable.

## Tax Provides \$14,407.44

The Antioch Village total from income tax amounts to \$14,407.44 and not \$114,407.44 as listed in last week's Antioch News. The total was until the end of March for the 1970-71 fiscal year.

Emmons Grade School graduated 21 eighth graders in ceremonies last week. They are Robert Bach, Stephen Bickel, Gayle Bolton, Teresa Bosnick, Glenn Costoff, Robert Dodd, David Edwards, James January, Kim Klopp, Ronald Johnson, Michael Lasco, Donald Mahar, John Morris, Lorie Marotta, Steve Olsen, William Petty, Jeffery Schmidt, Ronald Sheedlo, Yvonne Smital, Dennis Thain, and Steven Weber.

## Lake Villa Airman Completes Course At Sheppard AFB

Airman Gregory R. Bobek, son of Mr. and Mrs. Roman C. Bobek of 41 Oak Knoll Drive, Lake Villa, has graduated at Sheppard AFB, Tex., from the U.S. Air Force medical administrative specialist course.

The airman, who was trained to maintain medical and veterinary records, is being assigned to Westover AFB, Mass., for duty with a unit of the Strategic Air Command.

Airman Bobek attended Antioch High School.

## Biology Major Will Do Research

Kathleen Boston of Antioch, New Mexico State University biology major, has been chosen to take part in the National Science Foundation-funded Undergraduate Research Participation Program this summer at New Mexico State University.

One of six students to be so

Kathleen Boston

honored, she was selected on the basis of scholarship, interest in biological research and recommendations by faculty.

Miss Boston will now spend the next 10 weeks working with Dr. James R. Zimmerman, biology professor, conducting a chromatographic study of the predaceous beetle.

As a part of the program, she will also be awarded \$600 to cover summer expenses.

The 21-year-old senior is the daughter of Mr. and Mrs. Albert Boston, R.F.D. 1, Box 441, Antioch.

## Movement Launched For Hospital

A movement has been launched to form a tax district to finance the construction of the Country-side Hospital.

The tax district would include Antioch, Avon, Grant and Lake Villa townships.

These plans were presented to mayors and representatives of 11 villages at a meeting Friday night in Round Lake Beach.

Proponents of the proposed hospital in previous years had sought federal or state aid for the project, which is headed by Grant E. Spong of Antioch, industrial relations vice president for Quaker Industries and president of the Antioch Chamber of Commerce.

The group has met opposition from the Hospital Planning Council of Metropolitan Chicago which contends there are numerous vacant beds in Lake County hospitals.

Proponents also have pointed out that West Lake County has available to it only one hospital, Condell Memorial Hospital, Libertyville.

A referendum will be required to form a hospital tax district. The first step will be the petitions which must be signed by registered voters of the four townships. Ten per cent of the signers must be registered before the Illinois Hospital Licensing Board in Springfield.

Hospital sponsors are set to appear before the board July 7.

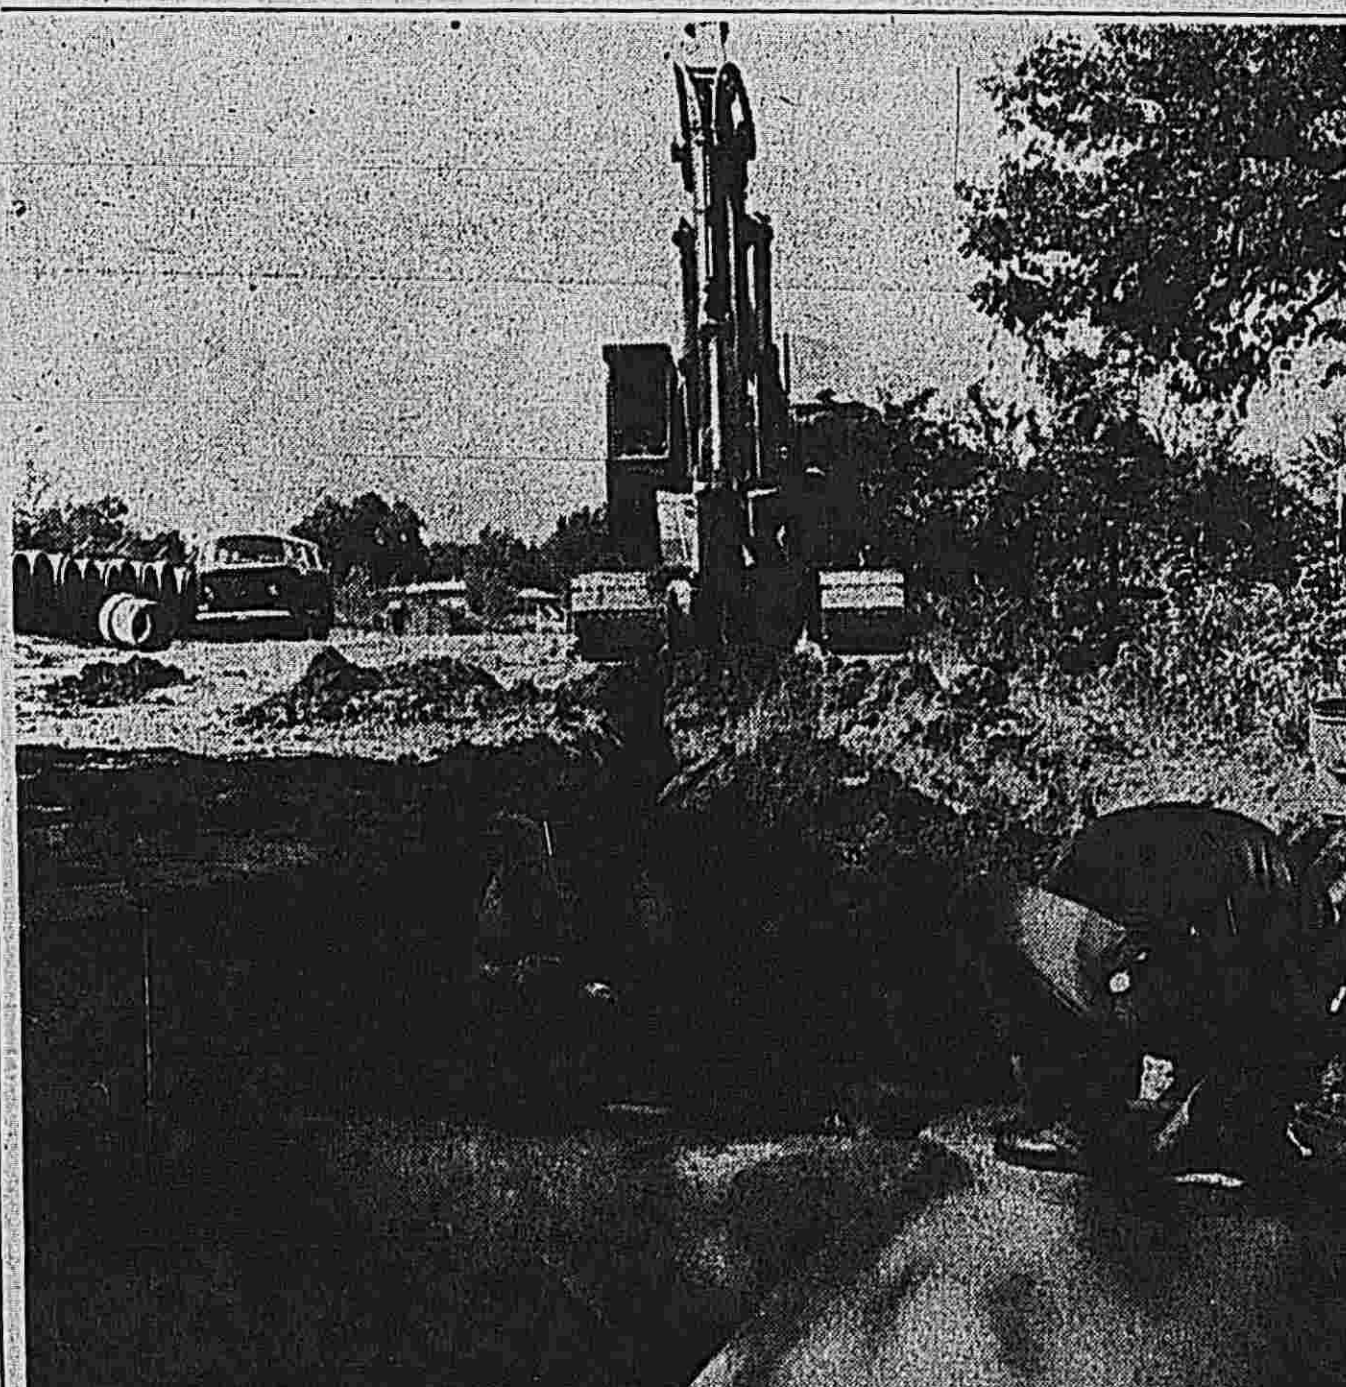

Should a favorable response from the state board, a public hearing in the proposed district would be held. Then the Lake County Circuit Court would set a referendum date.

The district could collect up to a \$4 million bond issue, based upon the assessed valuation of the four townships which is just under \$200 million.

The tax assessment would be \$1.26 per \$100 assessed valuation. It was explained that this would mean that the owner of a \$20,000 home would pay \$13.80 per year.

Proposed location of the hospital is 1,000 feet north of Rolling

(Continued on page two)

Heavy equipment and manpower moved in to install the new storm sewers on Cunningham Drive.

## Revenue Sharing

(Reprinted from the Peoria Journal Star)

Congressman Wilbur Mills is a very able man, and he made a very able case here in Illinois on the evils of disappearing federal funds with "no strings."

He wants to guarantee that your dollars are not wasted, that they are used where needed, and he sees turning it loose under "revenue sharing" as tossing it to the four winds.

Unfortunately the "strings" involved in spending federal money on the local scene consist of the carefully limited authorization issued by Congress in the law, followed by the half-ton of regulations from the concerned agency to prescribe their exact limits and standards under that authorization, followed by the full ton of red tape procedures whereby the bureaucrats guarantee themselves in writing that the regulations are met to the letter.

This is done in each agency, and each husband its "own" funds, and there is no room in the system for local priorities.

The actual priorities are a matter of luck locally, as to how the situation fits the mountain of paper-work on priorities already worked out laboriously, expensively, and with much lost time in Washington—and how well the funding happens to fit that final product of the bureaucratic maze.

Here in Peoria the actual physical result of Mills' process is starkly before us today.

It looks like we can get \$26,000,000 to put in a levee to increase the utility and value of 600 acres of riverfront, and maybe a million bucks to bury a creek at Bradley park—but we can't get a thin dime for the most urgent need we have for urban renewal in an area that is methodically falling apart!

That's dealing only with "available" government programs, not the relative priority of such things as the school crisis.

The local "crisis" has to be perfectly in tune with a national "crisis" to get in on the money—and even then it's doubtful.

And by the time the crisis in the cities reaches Washington, is debated, politicked, and programmed—it's damned late in the day before the "answer" filters back.

"No strings" money has its disadvantages, no doubt.

So does "earmarked" money, and we're up to our armpits in THOSE disadvantages.

Nobody in Washington is smart enough to figure out the ear-markings to effectively serve the actual physical problem mix in all the Peorias of this country neatly, realistically, fairly, or functionally.

They did hit upon a way to bleed us financially that beats anything yet invented—the federal income tax—and that only heightens the inequities.

It's time a small part of the budget provided the advantages and disadvantages of "no strings" moneys—instead of the whole blamed massive package involving all the disadvantages of "earmarked" funds!

Mills is wrong, and we are willing to bet in print today, for the record, that if a Democrat enters the White House in 1973, one of his early proposals will be "revenue sharing" if Nixon doesn't get it now from this Congress.

## June, 1971

June brings with it among other things summer, an end of school, vacations and marriages. The custom of marrying in June dates from Roman times, when it was believed the goddess Juno protected women.

This year the summer solstice, when the sun halts its movement northward, arrives on the 21st. Summer lasts until September 23rd.

The 1st is Statehood Day in Kentucky—dating from 1792—and in Tennessee—dating from

## GRADUATIONS GALORE

Many families were impressed with the graduation ceremonies at the Antioch High School's new gymnasium over the weekend. The grads received their diplomas and then were presented with a miniature duplication of the diploma from the first National Bank. The State Bank of Antioch presented the grads with key chains with the A.C.H.S. graduating year on them.

Some families had graduations both in the grade schools and the high school.

Congrats to all the graduates. We wish you success in all your future endeavors.

Remembering my cap and gown,

ANNIE MAE

## Estimated Tax Payment Due

Taxpayers were reminded, today, by District Director, E. P. Trainor, that Tuesday, June 15, 1971, is the due date for the second payment of estimated tax by individuals who filed their original estimates in April.

Trainor asked estimated filers to use voucher No. 2 to make the June payment. This voucher identifies the payment since it carries the taxpayer's name, address and social security number.

## Pamphlets Tell About Mobile Homes

Veterans and servicemen can find answers to their questions about buying a mobile home with a G. I. guaranteed loan in a pamphlet no available at Veterans Administration offices.

John B. Naser, director of the VA regional office in Chicago, said single copies of the pamphlet are available free at 2030 West Taylor or through the mail at P.O. Box 8136, Chicago 60683.

Naser said the brief pamphlet (No. 26-71-1), "Questions and Answers on Mobile Home Loans to Veterans," is designed to answer questions often asked about the program which was established in December.

The VA pamphlet also provides answer to such questions as where a mobile home may be located, maximum loan amounts and terms, general specifications for mobile homes, interest rates and other questions about such housing.

Servicemen on active duty, veterans of World War II, Korean Conflict, and those who served after Jan. 31, 1955, are eligible for a mobile home guaranteed loan if they retain entitlement to the VA's maximum \$12,500 conventional home loan guaranty.

## Music Center Registration Gets Under Way

Registration for Summer classes is in progress at the Music Center of Lake County. David Goodman, director of the non-profit fine arts school located in Waukegan's Bowen Park, announced that classes will be offered in Art, Dance, and Drama, as well as in Music.

The Carl Orff Introduction to Music offers children age 4-7 years the opportunity to develop basic coordination and listening ability in music through the use of various percussion and rhythm instruments. A new folk guitar class will teach students 9 and 10 years old the fundamentals of playing and singing folk music. This class will be taught by Miss Olivia Coleman of Chicago, a former member of the Music Center faculty, and an experienced teacher and performer.

In addition to the regular ballet and ballet classes for girls, there will be a new offering in "Character Dance, Modern Dance, and Ballet," to be taught by the Music Center's Ballet teachers, Aida Sedala and Pirkko Lawlor of Lake Forest. This class will be for girls 12 years and older, and will show how National folk dances are applied to the classical ballet and Modern dance forms.

George Olisar, band director, left, stands by as Richard J. Daniel, executive vice president from the State Bank of Antioch hands a \$300 check to Mike Ozga, president of the Antioch Grade School Band Parents Assn., to help with expenses on the Washington D.C. Band Tour.

## College Will Hold Summer Registrations

To some students, the summer months bring thoughts of summer jobs, vacations, and relaxation, while many others will keep their minds on educational goals by attending the summer session at the College of Lake County.

Admission to the College of Lake County summer session is open to a wide variety of individuals who can benefit from many courses offered by the college's summer session.

College students home for the summer may find they can slip in a course or two for transfer to their "home" institution. High school students with junior or senior standing are eligible to enroll, with written permission from high school, in a course to supplement a high school program. High school students who have just graduated might enroll in summer school to get a head start on college education. Adults in the community might be attracted to a wide range of credit and non-credit courses in order to continue their education, brush up on knowledge, or acquire some new skill. Students already enrolled at the College of Lake County will find an opportunity to accelerate their program and complete requirements for their degrees sooner.

All six CLC divisions are represented in the summer school offerings: business, mathematics and physical science; biology and health science; communications; humanities; and social science.

Classes for the summer session will begin on June 14 and continue through August 6. Registration for either daytime or

evening classes will be held at the college campus in the Learning Resource Center, Building 2, on Thursday, June 10 and Friday, June 11. Students may register during the day from 9 a.m. to 4 p.m. or during the evening from 6 to 9 p.m., completing admission and registration in a single session.

If you would like additional information on how, where, and when to register for the summer session, call the Admission's Office at the College of Lake County, 223-8193, extension 10. Better yet, drop in on Thursday or Friday and register for a class for the summer, just for the fun of learning something new.

# Great Lakes Picks 1st Senior Enlisted Advisor

The first senior enlisted adviser and master chief of the training center has been selected at Great Lakes. Master Chief Gunners Mate James M. Moats, USN, of Lindenhurst, has been selected and appointed to fill the newly created post by the Commander, Great Lakes Naval Training Center, Capt. Wallace L. Talbot.

This position—as senior enlisted man of the twenty thousand enlisted men and women comprising the various component commands of the center—is on the Center Commander's immediate staff. Master Chief Moats will have direct and regular access to the Center Commander. He will attend various advisory board meetings and command conferences with or for the Center Commander, and will accompany him on inspections and official visits.

Master Chief Moats will seek solutions to individual and collective problems, working closely with the Center Commander, in further pursuit of the Center's People program—enhancement of life at Great Lakes. This will be accomplished through his personal involvement and through his personal involvement of his principal assistants, the Chief Petty Officers of the Naval Training Center.

James M. Moats

The 26-year Navy veteran will assume his new post on June 21. He was previously attached to the Gunnery School, Schools Command, located on the Great Lakes Naval Base. Master Chief Moats has served on a wide variety of ships during WW II, Korea, and Vietnam. His most interesting assignment was in Greenland where his ship hauled dog teams for Army rescue units.

The new liaison between enlisted personnel and the Center Commander lives locally at 2228 E. Ridgeland Dr., Lindenhurst. He and his wife, the former Mary Lou Delanty of Blencoe, Iowa, have three daughters. The oldest, Susan, 18, graduated this year from Antioch High School, Antioch.

Tracy, 17, will be a senior next year at the same school, while their youngest daughter, Lee Ann, 7, will enter the third grade at B. J. Hooper Elementary, Lindenhurst.

Master Chief Moats is the son of Mr. Clayton P. Moats, Onawa, Iowa.

## College Will Hold Ecology Workshop

An ecology workshop, concentrating on the interactions and relationships of organisms and the environments located in Lake County, will be offered during the 1971 College of Lake County summer session. The course—(BIO 150) Workshop: Ecology of

Lake County—is scheduled to meet daily for two weeks from August 9 through August 20. Interested students may register for the three-credit hour workshop during the regular registration period, June 10 and 11.

According to Richard Meginniss, instructor, "This course is designed for the person who is interested in ecology. It is recommended as a service course for area teachers. The workshop is not recommended, though, for the freshman or sophomore student."

## Illinois History On Screen

Significant events in Illinois history will be recreated on screen in a colorful slide presentation at the June 10 meeting of the Faith Lutheran Ladies Aid of Antioch.

Narrator for "Illinois Heritage" will be Ted Flanagan of Lindenhurst, a member of Illinois Bell Telephone's Volunteer Speakers Bureau. Flanagan is a sales manager at the company's Chicago marketing office.

The talk is one of nine free programs the bureau offers to community organizations. Bookings are arranged by calling Mrs. Lalla Griffith, 623-9998, at Illinois Bell's Waukegan office.

## Kocmoud Named To Honors Group

Robert Kocmoud, who resides at 810 Main St., Antioch, with his wife and family, was named to both the Honor's List and the Dean's List at Carthage College during the last semester. He was a senior.

## Cemetery Assn. To Meet Monday

A meeting of the Hickory Union Cemetery Association will be held at the Andrew Magiera home, 265 Ida Avenue, Antioch, on Monday, June 14, at 7:30 p.m. Members are invited. R. L. Griffin, secretary, said.

The Royal Neighbors - Olson Camp #459 regular meeting in Legion Hall at 8 p.m.

## 61,000 Vets Apply For Home Loans

February 1971, with 61,000 requests from veterans, was Veterans Administration's biggest G. I. home loan month in nearly four years.

The 61,000 requests, processed by VA, from veterans seeking to establish eligibility for G. I. home loans was an 83 per cent jump over February 1970 and the most for any month since July 1967.

John B. Naser, director of the VA regional office in Chicago, noted there was also a large increase in the number of applications for guaranteed loans—18,500, or a 55 per cent increase over February last year.

Naser said factors which seem to be stimulating greater activity in VA's home loan program are the Veterans Housing Act of 1970, and the recent lowering of mortgage interest rates.

He pointed out the Veterans Housing Act had liberal provisions, including one which restored unused, expired home loan benefits to 8.9 million World War II and Korean Conflict veterans, and another which authorized VA to guarantee mobile home loans for veterans and servicemen.

Naser said the three cuts in mortgage interest rates starting last December—from 8.5 to the current 7 per cent—and the resultant savings on monthly home mortgage payments, apparently are encouraging more veterans and servicemen to enter the home-buying market.

He urged eligible persons interested in obtaining mobile or guaranteed home loans to contact their nearest VA office, local lender, or local veterans service organization representative.

## Start Now To Control Marijuana

Marijuana control measures now should be aimed at preventing seed production, says Ray T. Nicholas, Lake County Extension Adviser. Here are several practices he recommends:

Pulling and hoeing are effective for a few plants or small patches. And mowing works also. Cultivating the area or establishing a vigorous stand of desirable grasses or legumes can also discourage marijuana growth.

Spraying provides a simple, low-cost, and effective means of control. For best results, spray in May or June when the plants are less than 12-inches tall. If new plants grow, repeat the spraying.

Nicholas says 2,4-D is the most economical spray. Silvex is similar and also gives good control.

Nicholas advises farmers to apply about one quart of 2,4-D or silvex in 50 gallons of water for each acre. Thoroughly wet the plants when spraying. To kill older plants, increase the amount of 2,4-D you apply. Spraying must be done before the marijuana plants produce seeds.

In areas where 2,4-D or silvex may affect nearby susceptible plants, use amitrole-T at a rate of one gallon of amitrole-T to 50 gallons of water per acre, Nicholas advises. He cautions farmers not to spray the chemical on desirable grasses.

For more permanent control, smooth bromegrass can be seeded in the fencerow or other non-crop land. Such competitive cover will provide good weed control and excellent wildlife cover

Shown here receiving a five-year Red Cross Service Pin and Certificate of Service is Preston J. Reckers Jr., vice-president of the State Bank of Antioch. The presentation was made by W. C. Lucey, executive director of the Mid-America Chapter, at the annual dinner meeting of the Lake County Red Cross. Reckers served as Red Cross Fund Campaign Chairman for Antioch this year.

## Christian Science News

Needs of the whole human family can be met through individual spiritual recognition of divine power, Mrs. Lenore D. Hanks, the new Chairman of The Christian Science Board of Directors, said at the denomination's Annual Meeting in Boston on June 7.

It is not too late, Mrs. Hanks told the gathering, for the individual to learn about the spiritual resources which enable mankind to repair the ecology, reverse the

source of saving, healing activity.

"But such understanding must be communicated. Here's where our institutions come in. And when we realize that every right activity is initiated by God, church efforts will rise to the greatness of our opportunities."

Motives and standards for helping humanity must be relevant, Mrs. Hanks pointed out.

"I will never do to be behind the times in things most essential, which proceed from the standard of right that regulates human destiny," she said, quoting from one of the writings of Mary Baker Eddy who discovered and founded Christian Science.

"So," she continued, "there's always the necessity to strengthen our institutions, to examine our programs and keep them relevant not merely to the assembly needs of today and tomorrow but to humanity's high destiny—which is NOT that of a condemned race on a poisoned planet."

"We need to be radical activists—spiritual activists," she said. "We need to take the initiative in identifying and focusing on what are the real issues."

Those attending the meeting heard a report on the progress of the massive building development in the Christian Science Center in Boston, read by Carl B. Rechner, Development Consultant.

Of special interest was information about a new training program initiated and funded by The Mother Church "to employ minority unskilled workers leading to union apprenticeship." The program, which was referred to as unique, has been in force for a year and a half and is considered a model for the Boston area.

New construction is now more than half completed; a 550-car underground garage is in use; the Sunday School Building is in its final stages; the Colonnade Building should be occupied late this year; and the new Administration Building is scheduled for occupancy late next year.

Construction adjacent to the center is being done by private developers with their own funds on land made available by the denomination. This perimeter construction includes the largest apartment building in New England and an eleven-story motor hotel. The Mother Church is encouraging private developers to

## Rotary Club In Antioch Sets Session

The Rotary Club is sponsoring a "Youth and Community" program at 6:30 p.m. Thursday in Lorenz's Smart Country House.

All Rotarians are invited to the dinner meeting which will feature an episode from television's "All in the Family," and a panel discussion.

The panel will include Paul Cahill, director of community relations for Chicago's WBBM-TV; Dr. Edward Abderholden, Antioch physician; Ed Kurek, guidance director at Antioch High School; Hank Bessler, youth director of YMCA Camp Hastings in Lake Villa; Tom Effinger and Trip Hagstrom, teen members of the Interact Club.

Ken Mazzeo, program chairman said, Waukegan's Mayor, Robert Sabonjian, Lake County Sheriff Orville Clavey and Fox Lake's Mayor Joseph Armondo have been invited.

## Gaa To Enroll At St. Norbert

James Gaa, son of Mr. and Mrs. Donald A. Gaa of 918 David St., Antioch, has been accepted by St. Norbert College, West De Pre, Wis., for the 1971-72 fall term. A graduate of Antioch High School, he will be a freshman.

The number of high school dropouts and other "educationally disadvantaged" veterans in school under the GI Bill recently climbed to an all-time high. These benefits are not charged against entitlement earned during military service.

consider the needs of the local community and to maintain the best employment practices, the report stated.

The new Chairman of the denomination's Board of Directors is a native of Portland, Oregon and a graduate of the University of Oregon. Mrs. Hanks, who now lives in Boston, is a Christian Science teacher and practitioner. Prior to becoming a Director in 1968, she traveled widely as a member of The Christian Science Board of Lectureship with special interest in lectures at colleges and universities.

## Method Told To Combat Traffic Dead Among Young

How can young drivers help prevent the needless annual slaughter of 17,600 persons between the ages of 15 and 24 in motor vehicle accidents?

"Begin by hitting hard at the most common explanation of driving accidents—I didn't see," the President, Dr. Floyd Mizener of the Illinois Optometric Association, said in addressing drivers throughout the State of Illinois, particularly young drivers who are just starting to develop their driving habits.

"Vision is the one human sense absolutely essential for driving," Dr. Mizener continued. "Yet thousands of persons, unaware of their visual deficiencies, risk their lives and the lives of others daily on our streets and highways. Other drivers with good vision either do not use their visual skills when behind the wheel or ignore the fact that many outside factors such as drugs, smoking, alcohol, speed and the car itself can diminish the effectiveness of even good visual skills."

The Illinois optometrist pointed out that a driver's eyes must perform three separate but inter-related functions at one time: see clearly at a distance (visual acuity); accurately judge the speed and distances if moving and stationary objects (depth perception); and see "out of the corner of the eye" (field of vision).

Darkness reduces the effectiveness of these skills and requires a driver's eyes to perform an additional set of functions: see efficiently under low illumination; see against glare; and recover quickly from glare.

Because licensing requirements regarding vision do not cover all the necessary driving visual skills, it is the responsibility of every driver to be certain he has effective vision for driving by having regular professional vision examinations. Most driving-related visual problems can be corrected with either lenses or visual therapy.

"The first step to safe driving is having these visual skills. The second step is using them," Dr. Mizener stated. He emphasized that good driving takes concentration. "A driver's eyes and attention should not be distracted by eating, smoking, looking at scenery, or daydreaming. Within a second the driving picture can change, demanding an instant reaction."

Good driving also takes proficiency. A driver must know and compensate for visual blind spots in his car and in his driving environment. He also must know and overcome or compensate for his own visual limitations.

"What affects your vision?" stated Dr. Mizener. "For example, a driver under the influence of even small amounts of alcohol will have increased difficulty seeing at night, will be slow to respond to a hazardous situation, may have blurred vision and will be predisposed toward seeing double." Certain drugs also affect muscular coordination, visual acuity, contrast, color and distance judgment.

A driver's vision can also be affected by his car. Dirty, scratched or pitted windshields increase glare. Old wipers often streak windshields, making it difficult to see. At night, poorly adjusted and dirty headlights decrease the amount of light thrown onto the road ahead.

Mr. Mizener advised motorcyclists to wear open triangles of retroreflective sheeting on all sides of their helmets and to use white or amber retroreflective tape on the cycles' wheel rims, fenders and frame to make them safely visible to others. He also recommended cyclists protect their eyes by wearing goggles with impact-resistant lenses.

"Drivers who have and use effective driving visual skills can help reduce traffic fatalities. They will never have to say, 'I didn't see.'"

## Series E, H Bonds Draw Interest

County Chairmen Richard F. Kennedy and Richard D. Newland, Waukegan, remind Lake County residents that all outstanding Series E and H Savings Bonds and all Freedom Shares continue to draw interest, as a result of action recently taken by the Treasury.

The Treasury has granted additional 10-year maturity extensions to Series E Savings Bonds purchased from May 1941 through January 1957, and to Series H Bonds issued from June 1952 through January 1957. Also, Freedom Shares, sold May 1967 through June 1970, have been given a 10-year extension beyond their original 4½-year maturity.

"This means Savings Bond owners can continue to count on their older bonds as part of their long-range financial planning for retirement security, children's education, and new homes," the chairmen said.

Adam to Eve: "You've gone and put my dress suit in the salad again."

Kathy Walpole has been chosen to Girls State sponsored by the Illinois American Legion Auxiliary on the campus of McMurray College, Jacksonville. Shown with Kathy is Mrs. Joe Horton, Antioch American Legion Auxiliary Illinois Girls State Chairman.

## American Legion Auxiliary News

By Del Jahneke

Miss Kathy Walpole, daughter of the Fred Walpole's, 513 Gary's Drive, Antioch, has been selected as the delegate to the 1971 session of Illinois Girls State. She will represent the Antioch American Legion Auxiliary No. 748, who are sponsoring her. The Illinois Girls State will be held on the campus of McMurray College, Jacksonville, Illinois, from June 15th through June 22nd.

Miss Walpole, together with over 525 Girl Staters from throughout the state, are taught the practical application of Americanism through government procedures and good citizenship. The entire program attempts to teach and instill in these young women, a love of God and country.

The girls become involved in serving in the many official capacities of local, county and state government. Training in the various aspects of conducting election campaigns, developing a party platform and learning the functions of the governing body, are strongly emphasized.

Many well known legislators and public officials visit Illinois Girls State, and these young delegates have the opportunity not only to hear them, but to person-

ally meet them, too.

Two Girl Staters will be selected to attend Girls' Nation, which will be held in Washington, D.C. The Illinois American Legion Auxiliary pays their expenses. These two young ladies will join Girls State representatives from all the other states in the nation. They will see our federal legislative, judicial and executive bodies in action.

Mrs. Joseph Horton, Illinois Girls State Chairman for the Antioch Unit, says that Kathy Walpole is well qualified and has an outstanding student record at the Antioch Community High School.

President of the Pep Club, a member of the Sequoit Staff and the Spanish Club, Secretary of G.A.A., and elected Vice President for next year, plus mascot for the Varsity Cheer leaders, are some of the activities that Kathy Walpole has participated in at the Antioch Community High School. Last summer, she was on the Aqua Center Swimming Team, and she spent many hours at Downey Hospital as a volunteer worker.

The Antioch American Legion Auxiliary No. 748 is proud to be sponsoring Miss Kathy Walpole to this year's Illinois Girls' State.

## Sequoit 4-Hers Achievement Night

Many proud parents were on hand for the Sequoit Suzies and Sequoit Warriors 1971 Achievement Night held this past May in the Community Room of the Antioch Savings and Loan.

The evening featured a pot luck dinner, with most of the goodies being made by the 4-H'ers. The entire room was filled with displays of different 4-H projects the members had participated in during the past year.

Dinner began after a short speech by Rick Larsen and an invocation by Gail Olson. Introduction of guests and a special welcome speech by Wanda Springer followed dinner.

The body of the program began with a pledge to the American flag delivered by Lance Buchta and the 4-H flag by Tom Hevrdjs.

A demonstration of proper care of the gun and the need for special safety precautions was given by John Davis, who was introduced by Jim Springer.

A family favorite for centuries, Swedish Tea Ring was introduced by Julie Healy and demonstrated by Leann Buchta. The techniques of transforming a little brother's messy bedroom into a handsome den were explained by Susan Hevrdjs whose talk on Room Improvement was introduced by Rosemary Schieske.

Explanations of the requirements for the following 4-H projects were given by the enrolled members of each project.

Learn to Bake—Kathy Walsh; Pastry in Your Meals—Rosaline Schieske; Yeast Breads—Debbie Broecker; Mosaics—Julie Healy; Weaving—Diana Retner; Patty Gross—Reading; Babysitting—Debby Retner; Table Covers—Nancy Gudgeon; Crocheting—Laurie Miller (beginning); Lynette Hamlin (intermediate); Diane Emmerich (advanced); Indoor Gardening—Dorothy Emmerich; Flower Arranging—Mary Krewer and Marie Letourneau; Woodworking—Michael Calthamer; Photography—Tom Hevrdjs; Gun Safety—Rick Larsen; Bicycling—Allison Hevrdjs; Entomology—Jim Springer; Sheep—Lance Buchta.

## 25 4-Hers Graduate From Public Speaking Course

Twenty-five young people from the Lake County area were presented their certificates of completion recently at the graduation of the Junior Toastmasters speaking course sponsored by the Libertyville Toastmasters Club.

Mr. Burnell Russell, 4-H leader and course coordinator, said at the graduation: "We are pleased at the pace which these youngsters set in improving their communications in such a short time." Those completing the course in oral communication and leadership training were: Connie Baker, Sue Ehrhart, Allison and Sue Hevrdjs, Mitch Kolberg, Rick Kubetz, Cindy McGrew, Yvonne Maassel, Kevin Mogg, Gail Olson, Carol Papciak, Eileen Regner, Cindy Russell, Laura Sage, Sue Sargent, Ken

Scheske, Carl Schleifer, Janet Schoolzel, Bruce Scottberg, Earl Shanks, Sue Thelen, Gale Walker, Robin Walker, and Shirley Wertke. All but one of the graduates are 4-H club members in the county.

The Junior Toastmasters program was developed especially for young people by Toastmasters International, the world-wide public speaking organization. It was adapted, in collaboration with educators and youth counselors, from the organization's adult program which has benefited more than a million men since it was introduced in 1924.

Mr. William Haggard, the Libertyville's president said, "This program has been a very rewarding experience for all the members of the Junior Toastmasters of Lake County. The enthusiasm and eagerness to learn of these young people has been a real challenge to all of us."

"We already are planning another course in the near future."

The regular business meeting was called to order by Senior Regent Erna Toft. After Recorder Jerri Polson called the roll, the new applications were read and the Chapter returned a favorable ballot. These candidates will be enrolled at the June 17th meeting.

The Senior Regent was very pleased to award Chapter Pins to Sandy Green, Dorothy Koeller, Stephanie Polson, Cheryl Wise, June Ballenger, Dorothy Barnstable, Sue Redman, Trudy Anderson, Norma Lowe, Judy Frisch, Louise Imburgia, Amy Oldner, Bernice Lupa, and Nancy Barnstable for attending three consecutive meetings.

The co-workers who took part in the June Birthday March were Karen Bartuska, Jackie Schmidt, Barb Seelhoff (Gerry Mark, pro tem), June Litner and Lolly Maloney. The Senior Regent presented each of them with a Birthday Card from the chapter. Shirley Gehrls will receive her

## Hellstern, Stanek Get Sheepskins

Ronald T. Stanek of RFD 1, Antioch, was graduated from Colorado State University at ceremonies held at Ft. Collins, Colo. Douglas A. Hellstern of Antioch has completed studies in landscape architecture and has been awarded a bachelor's degree at Utah State University, Logan, Utah.

## Library Will Hold Story Hour June 12

A Story Hour period for children entering kindergarten and thru third grade will be held each Saturday morning from 10:30 to 11:30 a.m., starting June 12 at the Antioch Public Library.

The hour will be held in the multi-purpose room. Parents are asked to sign up early. Enrollment is limited to 25 children. Miss Laurie Good will be in charge with help of Diana Larson.

"Dive into Summer! Read!" is the slogan for the library reading program. This will start June 21 and finish Aug. 21 and will be open to students in the first through fifth grades.

## Lakeside Rebekah Lodge No. 82

By Del Jahneke

At a recent District No. 3 meeting of the Rebekahs, held at the Antioch American Legion Home, Mrs. Anton Johnson was honored with her 55 year jeweled pin from the Lakeside Rebekah Lodge, for her 55 years of continuous membership. Mrs. Frieda Wertke also was honored as the oldest "young lady of 89 years" at this session.

Attending the June 1st meeting of the Crystal Lake Rebekah Lodge, were Mrs. Ida Wysoglad, Mrs. Clarence Larson, Noble Grand; Mrs. Charles Ferris, District No. 3 president, and Mrs. Walter Buchert, District No. 3 secretary, from the Lakeside Rebekah Lodge. Mrs. Wysoglad was a guest of the conductor, and Mrs. Buchert, a guest of their secretary.

"Brother's Night" will be held at the June 16th meeting of the Lakeside Rebekah Lodge, to take place in the Antioch American Legion Home. I.O.O.F. Brothers will be honored that evening.

A public card and bunco party, sponsored by the Lakeside Lodge, will be held at the Antioch American Legion Home, at 12:30 p.m. on Thursday, June 17. Refreshments will be served.

Call 395-4111 to place a Society or News Item.

## Mormon Church Will Show Film

A movie entitled "A Man's Search for Happiness" from the World's Fair will be shown in an open house of the Chain O' Lakes Ward of the Church of Jesus Christ of Latter-Day Saints (Mormon) Friday, June 11 from 6 p.m. to 9 p.m. in the Chapel located at 411 S. O'Plaine Road, Gurnee. The public is invited according to Allen R. Willey who is bishop and presides over the Mormon congregation of over 650 members.

Exhibits by various organizations within the church will depict the Mormon cultural, recreational and character building programs. Programs for children, teenagers, and adults will all be represented.

Illuminated painting or "translights" similar to thousands used in the World's Fair will depict the history and beliefs of the church. The movie itself includes music by the famous Mormon Tabernacle Choir.

# Bristol Driver Wins Speedway Feature Race

Ford fans finally had something to cheer about Saturday night at the Waukegan Speedway as veteran stock car driver Al Gutche of Bristol, Wis., pushed his 1967 Mercury Cyclone into the feature winner's circle for the first time in two years. All previous late model feature winners this year have driven Chevelles.

Gutche turned the tables on Tom Jones of Northbrook who had passed Gutche with just two laps to go last Saturday, to steal the 50-lap "May Championship" race. Jones finished a close second Saturday as a scrap with

Norm Zenko of Highland Park in the 28th lap prevented another last lap charge by Jones.

Bob Roper of Chicago missed time trials Saturday and had to qualify for the 30-lap feature event by winning or placing second in the 15-lap semi-feature. Roper moved into the lead in that race on the 10th lap past early leaders Ray Bush of Silver Lake and Bob Dotter of Chicago.

Roper took third spot in the main on the 11th lap after he hit Bob Delaney of Keeneyville who had spun. Delaney, running third at the time, was eliminated as

his car caught fire and the race was stopped. Following Roper in fourth was Bob May of Gurnee, Jim Cossman of Waukegan and Gary Zobel of Mundelein. Dotter, who qualified for the main through the semi-feature also, finished in 7th spot.

The feature required three restarts. The first came in the first lap when Carl Major of Chicago hit the wall on the start. The red was out again in the

10th after Herb Artell of Wildwood lost another engine and on the restart when Delaney spun and was hit by Roper. Zenko led the first five laps before Gutche went in front on the 6th. Jones had passed Gutche just as the red flag came out in the 10th and never could repass on the restart.

Chuck Chadwick led all the hobby stock entries in that class

of racing as he became the night's only double winner by coping both the third heat race and the feature race, which came in record time. Tom Edwards of Zion was a close second in the main and George Davis of Chicago took third.

In a night that was punctuated with accidents, there were 45 hobby stock entries. Cheyrl Arndt was fortunate to escape injury in a collision with the wall in the trophy dash. Her car lost the right front wheel and then the stray, bounding wheel landed on the roof of her car as the car ground to a halt. Meanwhile the gasoline tank ruptured and poured on the exhaust pipes, but luckily there was no fire.

The Sunday program was rained out.

## Rifles Sign 2 NU Gridders

The Lake County Rifles Football team has announced the signing of two former Northwestern Wildcats, quarterback Dave Shelbourne and tackle Jon Hiltman.

Shelbourne prepped at Lew Wallace High School in Gary before playing for the Wildcats.

In 1968 he established the total offense record at Northwestern with 1514 yards in a single season.

This eclipsed earlier marks held by another former quarterback Tom Myers. Shelbourne is the second signal caller to ink a pact with the Rifles. Two weeks ago the Lake County club announced the signing of Johnny Dobbs from Tulsa University.

Both will be fighting to take over the number one slot vacated by the Rifles' tragic loss of Fred Custardo.

Shelbourne is six foot one and weighs 215 lbs.

John Hiltman of Arlington Heights has also signed a contract to the club. As a sophomore he played tight end catching 15 passes for 214 yards.

In his junior year he was moved to offensive tackle. A stand out performance at that position earned John a starting assignment in the coaches' All America Bowl in Tampa, Fla., this past January.

Hiltman is 6' 1" and 235 lbs. The Rifles have scheduled a rookie meeting at 8 p.m. at the Village Green Country Club in Mundelein on Thursday, June 17. Any former college, pro or service ball player is urged to attend. The Lake County Rifles will open their regular camp at Carmel High School in Mundelein June 28.

## Emmons Athletes Honored

Emmons Grade School honored its athletes on Tuesday, May 27, at the home of Emmons Superintendent, John Kakacek.

The athletes receiving awards were treated to a spaghetti dinner, an annual affair for the Emmons sports winners, and was prepared by Mrs. Ann Kakacek.

This year (1970-71) Emmons had some outstanding individuals and teams to reward. The Raiders swept through its conference without a defeat.

Easily sweeping to victory, football 5-0; basketball A-team division 10-0; basketball B-team division 10-0; and baseball 5-0, Emmons made shambles of the Big Six Conference.

In all of these sports, Emmons received little competition as it dominated the play.

Also on the Emmons list of achievements was its wrestling team. Only Lake Villa won more titles than Emmons in the Antioch Invitational wrestling matches held at the high school.

This was by far Emmons' most successful and satisfying year in sports.

It was the year of champions for Emmons.

The athletes honored by Emmons Grade School were Bob Dodd, Jeff Schmidt, Don Mahar, Jim January, Ron Sheedlo, Ken Cash, Dennis Thain, Bob Bach, John Kakacek Jr., Bill Petty, David Edwards, Steve Olson, Paul Petty, Doug Wyatt, Jon Bodin.

Bob Dubek, John Christiansen, Jerry Schmidt, Scott Maras, Tom Grego, Bill Dubek, John Eder, Tracy Sedman, Chris Hall, David Lagerstrom, and Jim Mrnak.

## Great Lakes Will Offer Weekday Race

The first weekday race as well as the first double feature race for 1971 is slated for next Tuesday night, June 15, at 8:30 at the Great Lakes Dragway, Union Grove, Wis.

The best drivers and fastest supercharged nitro fuel Chevrolet funny cars in the country will all compete in a triple elimination challenge race. There are about a dozen top notch Chevy drivers in the country, and they have all been signed for this race. Each driver will compete in 3 races and the overall winner will hold the title of "Mr. Chevrolet" for 1971.

Included are "Jungle Jim" Liberman, Dickie Harrell, Kelly Chadwick, Bruce Larson, Terry Hedricks, Mike Burkhardt, Tim Beebe, Mart Higgenbotham, Dick Bourgeois and the nation's top ranked block driver, Malcolm Durham.

The second feature is the "open" pro-stock meet including the pro-stocks of the United Drag Racers and the midwest's top independents. Wayne Gapp, Ron Hutter, Joe Salmary, Larry Griffith, Lee Smith and the "Ramchargers" racing team are some of the more than 40 pro-stocks competing.

Great Lakes Dragway is located 12 miles north of the Illinois-Wisconsin state line, and 4 miles west of I-94 at Union Grove, Wis.

## SPORTS

Thursday, June 10, 1971

THE ANTIOCH NEWS-5

Friends and parents attended the banquet at Smart's Steak House on Rte. 173 in honor of the football, basketball and track teams of Antioch High School which won the conference championships the past year. At the speaker's table, left to right, were Roy Nelson, football coach; William Brook, president of the State Bank of Antioch; Bears Quarterback Jack Concannon; Jim McMillan of Antioch, All-American from the University of Illinois; Roger Andrews, basketball coach; and Jerry Sandberg, track coach. The banquet was sponsored by the State Bank of Antioch.

Seventy-two athletes, representing the basketball, football and track teams, were honored at the annual banquet sponsored by the State Bank of Antioch. Left to right are Gary Mandere, Tom Martin, William Brook, president of the State Bank of Antioch; former All-American Jim McMillan of Antioch; Rick Claesson, Jim Revell, Bears Quarterback Jack Concannon, and Dan Walsh.

## Melting Out Cause Of Dying Grass

Melting-out disease is the major cause of thin turf, dead slumps, or large dead areas in bluegrass lawns, says Ray T. Nicholas, Lake County Extension adviser.

Melting-out is a fungus disease (Helminthosporium) that first appears in early spring as brown spots with purple margins on the blades of grass. Hot weather and frequent showers produce the melting-out phase in which the fungus attacks crowns and roots of the grass.

Thinning of grass in scattered areas and a brownish cast from dead blades of grass are a sign of the disease. The disease sometimes causes a yellowing of grass blades, resembling symptoms of low nitrogen or iron deficiency. As the disease progresses, it kills large areas of the lawn.

Careful examination usually shows stems and crowns of affected plants are reddish or dark brown and rotten. Reddish brown spots are easily found on dying or dead leaves.

Control is difficult once the disease reaches the crown rot phase. Frequent light watering promotes the disease, while occasional deep watering maintains growth and discourages the disease. Setting the mower to cut high, and fertilizing adequately also help to promote vigorous growth and a higher survival rate.

Among available lawn fungicides are Phaltan or Folpet, Dacnil and Pifolatan. The fungicides work best when applied regularly throughout the spring season. One-shot applications

## 4-H Fishing Clinic Is Open To Public

On Friday, June 18, a pond development and fishing demonstration clinic will be held at two pond sites in Lake County. The main reason for the clinic is to assist 4-H members enrolled in the various conservation projects, to expand their understanding in two key areas of conservation: pond management and basic bass fishing techniques. This is only one of many clinics held during the year to guide 4-H'ers in the more than 100 projects and activities offered.

Another reason for the clinic, according to 4-H adviser, Bill Messerschmidt, is to provide adults or youngsters, whether or not they are involved with 4-H, an opportunity to learn more about ponds and about the highly

popular pastime of bass fishing. At the same time, they may also inquire about the possibility of joining 4-H whether as a member or an adult leader.

Bass fishing will be demonstrated by an expert bass angler, Mr. P. Vidal. The public is asked NOT to BRING fishing equipment with them because it is designed to be a demonstration rather than a participation type of event. Both pond and lake fishing will be discussed.

The June 18 clinic will run from 2 to 4 p.m. at William Hayden's Tree Nursery in Wadsworth and will be repeated from 6:30 p.m. at Anton Welzen's farm pond in Glenshire Acres. (Hawthorne Woods).

Mr. Hayden's nursery is located on Hunt Club Road, about two miles north of Rte. 173 on the west side.

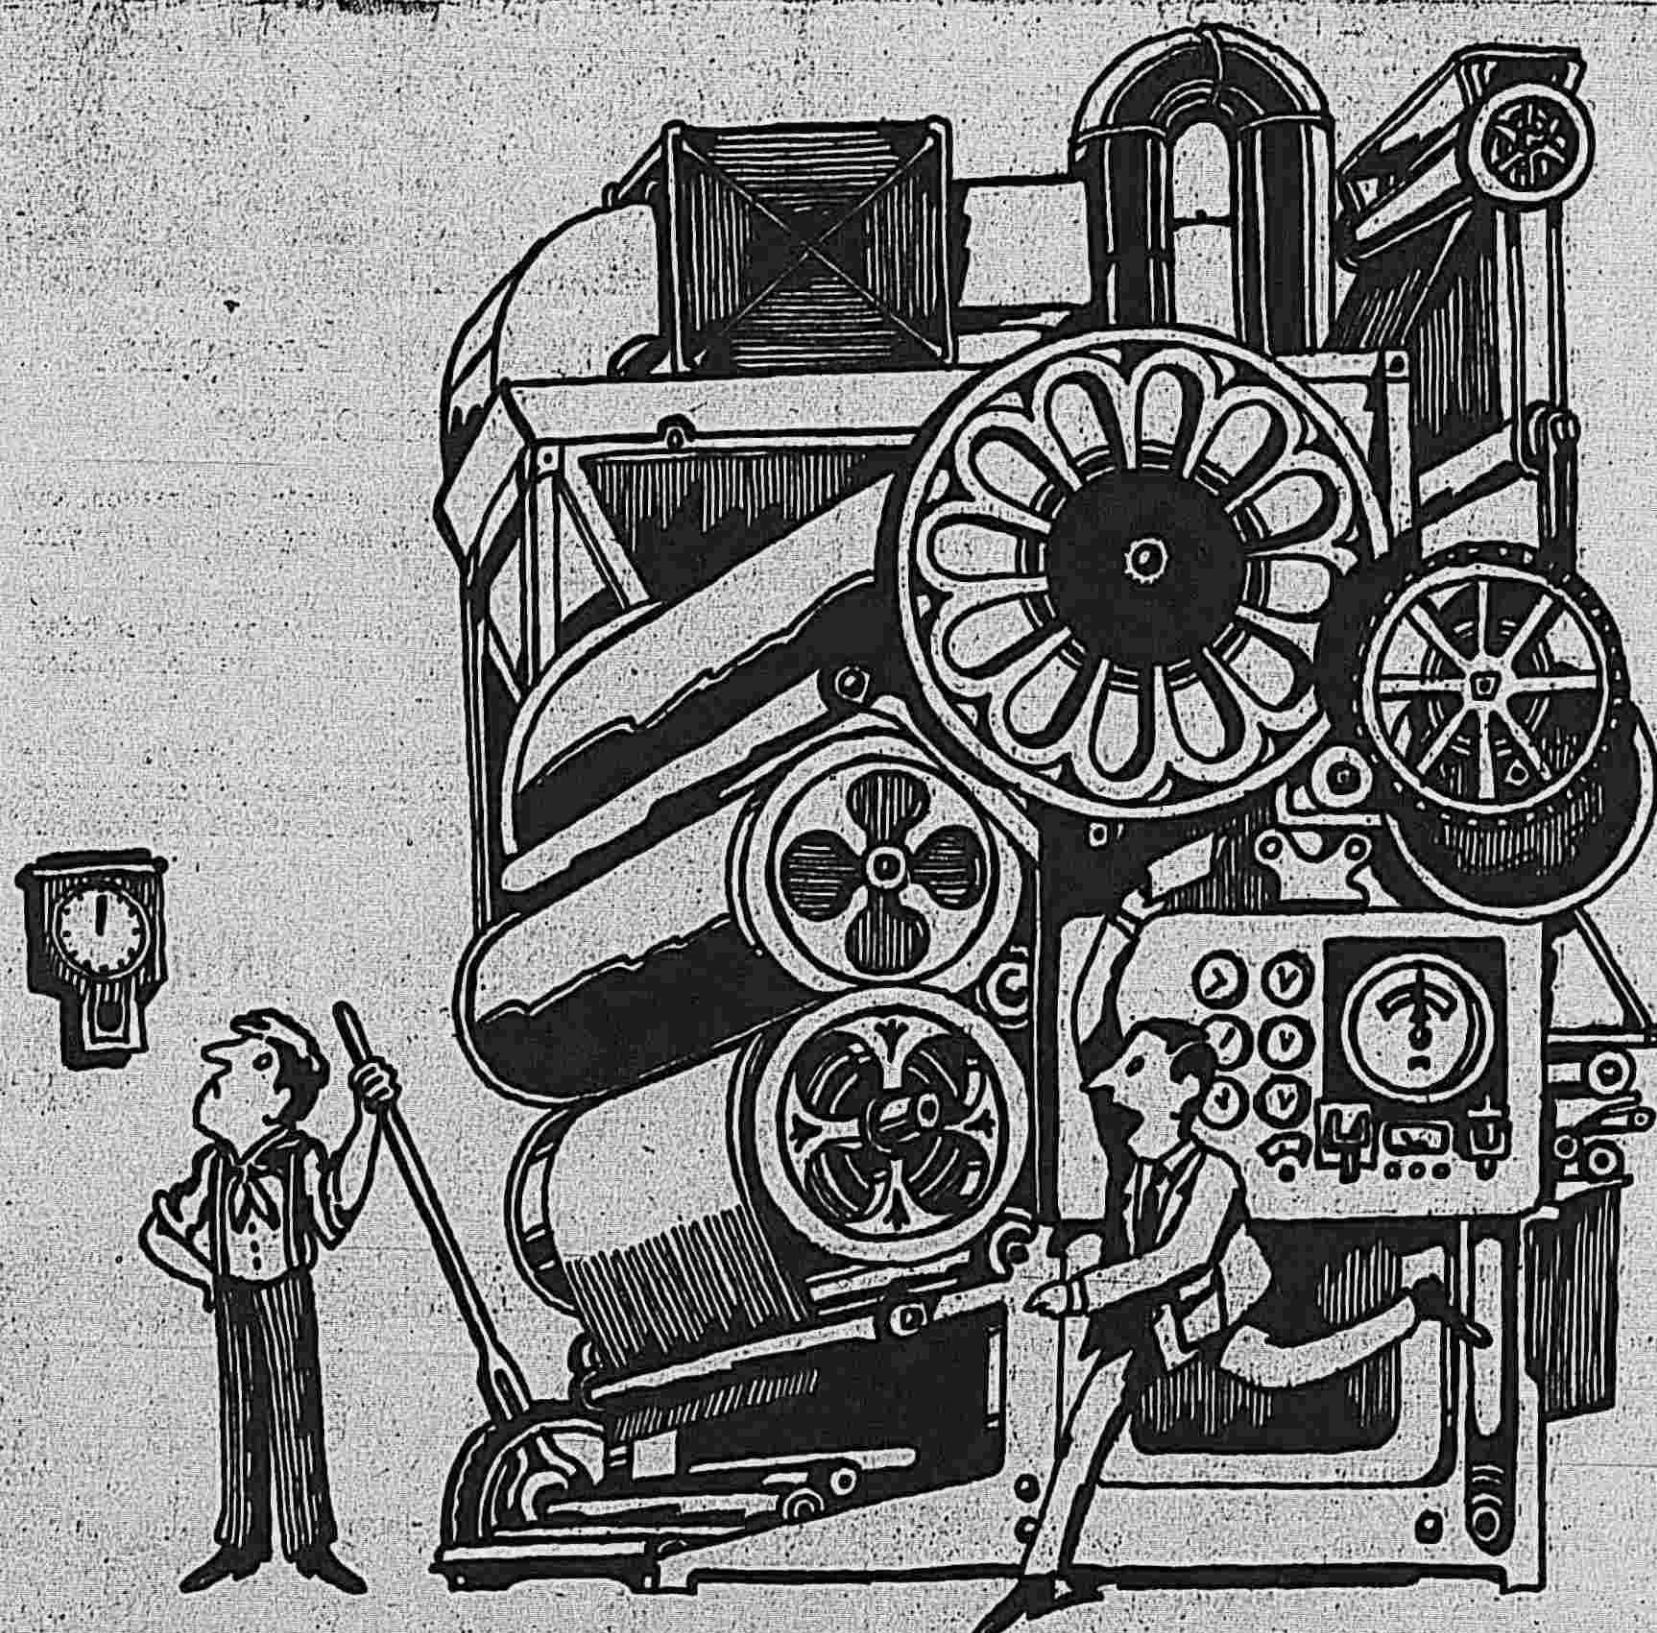

To reach the Welzen farm, take Rt. 63 to Gilmer Road, turn southwest onto Gilmer Road, go about one mile to Darlington Rd. and turn west to Darlington. A sign reading "4-H Fishing Clinic" will be posted at Darlington and Gilmer roads. Or, take Rte. 83 to Gilmer Rd., turn northwest on to Gilmer and go 4 miles to Darlington road. Welzen's farm is on the left side of Darlington, 2 blocks from Gilmer.

For further information call the Lake County Cooperative Extension Office, at 223-5844.

during an epidemic are not likely to result in much improvement.

Additional details on melting-out and other lawn diseases are found in Bulletin NC 12, "Lawn Disease in the Midwest." Single copies are available from the Lake County Cooperative Extension Service, Lake County Fair grounds, Grayslake, Ill. 60030.

## June 18 is your last chance to make changes in the new phone book.

Maybe you'd like to change the way your name is listed.

If your name isn't listed, maybe this year you'd like it to be.

Or you might want to add a listing for someone else in your family, so friends can keep in touch.

Now's the time to make your change, whatever it is. The new phone book for Antioch, Fox Lake, Lake Villa, Ristakee Highlands and additional communities goes to press June 18. So please call your Illinois Bell Service Representative before then. Her number is on the

first page of your directory.

Call now. If we don't hear from you by June 18, we'll have to say we're sorry, the presses are rolling.

Pittman Pontiac of Antioch has taken on an additional automobile line—Subaru—a Japanese make car recently introduced in the Midwest. Shown is a new 1971 model being delivered to Tony of Tony's Barber Shop, Rte. 173, Channel Lake, Antioch. Shown, left to right, are salesman Joe Viehl, giving keys to new owner and his wife, Deirdre and looking on is Mr. Gordon of Subaru Mid America. At left is C. Abbate, Pittman Pontiac vice president.

**Women Of The Moose...**  
(Continued from page four)  
Cap and Gown at Mooseheart on June 12. Please make your reservations with Recorder Jerri Polson before this date.

On June 16, Vivian Clark will go to Detroit to attend the International Convention, where she will receive her Star. Vivian held her office of Recorder in 1969, and after maintaining four perfect audits, and waiting one year, she has received her call letter to be awarded this honor.

The W.O.T.M. installation will be held at the Moose Lodge on June 26. Co-workers are asked to contact Installation Chairman Bernie Rosquist with their donations of food for this occasion.

The next Executive Board meeting will be held June 13 at the home of Senior Regent elect, Judy Page.

The winners of the drawing held after the meeting were Bernice Lupa, June Litner, and May Palmer.

## Horse Show...

(Continued from page one)  
clude a used horse saddle, or a pet animal they wish to trade.

The Horse Show and Trade Bazaar will be at the Lake County Fairgrounds, located at Grayslake, on Rt. 45, 1/4 mile north of Rt. 120. The date again is 8:00 a.m., Sunday June 27. There will be plenty of parking and the gate donation is only \$1.00 per car, any carload with people 19 years and under is admitted free. For more information call The Lake County Extension Service at 223-5844 or 223-4844.

## A PENNY SAVED

The Elks Magazine reports that director of the Mint Mary T. Brooks estimates that billions of pennies have dropped out of circulation because Americans have them stashed away in their piggy banks. She says that if people would stop hoarding them, the government presses would not have to spend so much time making new ones and could be used to turn out other coins that would bring in more seigniorage or profit to the government.

# New Lake Studies To Provide More Thermal Effects Data

The Illinois waters of Lake Michigan near an existing generating station at Waukegan and a new nuclear plant nearing completion at Zion are the subject of a new series of environmental studies to provide additional information on thermal effects of power generation.

The studies are being conducted for Commonwealth Edison Company, owner of both plants, by Industrial Bio-Test Laboratories, Inc., of Northbrook, Ill., in consultation with numerous university scientists and ecologists.

Edison Chairman J. Harris Ward said the newest phase of the studies is a follow-up to research started in the Waukegan-Zion lake area in 1968. The evidence gathered to date, he said, has indicated that the lake has not been harmed by thermal discharges of Waukegan station over the past 48 years.

"The Lake Michigan studies Commonwealth Edison is carrying forward with the assistance of Industrial Bio-Test and university scientists represent the most comprehensive investigation of thermal effects ever made on an inland body of water," said Mr. Ward. "To the best of our knowledge, no other area of any body of water has been subjected to such analysis and surveillance of thermal effects."

The purpose of the studies, Mr. Ward said, is to assure that the operation of Edison generating stations will not impair the quality of the lake.

Dr. Lawrence P. Beer, manager of Bio-Test's environmental science division, said the new Waukegan-Zion studies will provide additional guideline data needed to safeguard the lake's environment on soundly conceived scientific principles. "We are developing a vast amount of information on the behavior of power plant thermal discharges in natural interaction with the lake's waters and ecological characteristics," Beer said. "The data will provide the basis for assessing and projecting the effects of these discharges not only on the lake locally under study but on the entire lake."

He said the studies include analyses of thermal effects on

algae growth, fish life and oxygen; documentation of effects on inshore water quality; and the recording of lake currents, water temperatures and meteorology. Field surveys of the lake's fish population and plant life are regularly made and a laboratory has been set up at Edison's Waukegan station to facilitate the research activities.

According to Mr. Ward, some 60 biologists, chemists, physiologists, oceanographers and other scientists and technicians are or have been involved in the Lake Michigan water studies commissioned by Edison.

Among those serving as consultants are Dr. Wesley O. Pipes, and biological sciences, Northwestern University; Dr. Donald B. McDonald, associate professor of limnology, University of Iowa; Dr. Jerrold H. Zar, assistant professor, department of biological sciences, Northern Illinois University; Dr. Donald W. Pritchard, professor of oceanography and director of the Chesapeake Bay Institute, Johns Hopkins University; Dr. John C. Ayers, professor of oceanography, University of Michigan; Dr. Edward C. Ramey, professor of zoology, Cornell University; Dr. Andrew A. Robertson, associate professor of zoology, University of Oklahoma; and Dr. G. Fred Lee, professor of water chemistry, University of Wisconsin.

The number of veterans taking policemen and firemen on-job training has risen significantly. According to VA statistics, California leads the nation in the number of trainees. Other leaders: New York, District of Columbia, Connecticut, Ohio, and Pennsylvania. Veterans interested in training for these careers should contact their local police or fire departments.

About 175,000 widows of veterans who died of service-connected disabilities and 65,000 wives of veterans totally disabled in service are eligible for educational benefits. Individuals interested in these benefits are urged to contact the nearest VA office or local veterans service organization representative.

## Death Notices

### MR. CHARLES W. WARNER

Mr. Charles W. Warner, 79 yrs. old of Lake Shangri-La Subdivision near Antioch, passed away on Wed. June 2, 1971 at his home on a heart attack. He was born on Jan. 27, 1892 in Bushnell, Ill. and moved to Chicago in 1913 to reside until moving to Lake Shangri-La Subdivision in April, 1959. He was a painter and decorator by occupation and holds membership in Local Union No. 189 of Painters and Decorators District Council No. 14 in Chicago. He married Louise Bolduc on Aug. 9, 1916 in Chicago. He was preceded in death by three brothers William, George, and Ross Warner and two sisters Marie and Grace.

Survivors are his wife Louise, 3 daughters, Mrs. Lucille (Donald) Smith, Elmwood Park, Ill.; Mrs. Mary Jane (Leslie) Putzler, Portland, Oregon; Mrs. Darlene (Edmund) Schmidke, Lombard, Ill.; one son, Earl L. Warner, Carpentersville, Ill.; 13 grandchildren and 6 great grandchildren.

A funeral mass was held at 11:00 a.m. on Saturday at St. Scholastica Catholic Church near Bristol. Wis. Interment was in St. Scholastica Cemetery. Funeral arrangements were handled by the Strang Funeral Home in Antioch.

### MR. HERBERT A. RAY

Mr. Herbert A. Ray, 93 years old of 821 Porter St., Waukegan, passed away Sunday, June 6 in his home. He was born Jan. 24, 1878 in Gurnee, Ill. and has been a life long resident of Lake Co. He was a member of the Christ Episcopal Church in Waukegan and the Mens club of that church. He was a member for over 40 years of the Waukegan Masonic Lodge No. 78 A.F. & A.M. He had operated a Sinclair Service Station in Antioch for many years before his retirement. He married Nellie Brown on Feb. 14, 1901 in Antioch and they had celebrated their 70th Anniversary. Mr. Ray was preceded in death by eight brothers. Survivors are his wife Nellie, 1 daughter, Mrs. Georgia Drury, Waukegan, 2 grandchildren, Lucille Drury and Stephen Drury; also 3 great grandchildren Stephen, Jeanine and Georgine. He is also survived by several nieces and nephews.

Funeral services were held Tuesday, June 8 at 2:00 p.m. at the Strang Funeral Home, 1055 Main St., Antioch. The Rev. Robert E. Savage of Christ Episcopal Church officiated. Interment was in Hillside Cemetery, Antioch.

### LENA KRUEGER

Services for Mrs. Lena Krueger, 83 years old, were held Friday in Chicago. She was living in Tamarac, Florida, at the time of her death. She was the beloved wife of the late Joseph Masopust and the late Albert Krueger. Devoted mother of Otto, Sr. (Adele), and George (Rose) Masopust and Alyce (Frank) Kasier. She was the sister of Josephine Pudil and Anastacia Uhler. She had six grandchildren and 14 great-grandchildren.

Interment was in Bohemian National Cemetery, Chicago.

### Time To Prune Pine Trees Is In June

Prune your pines in June if you want compact, shapely trees, says Ray T. Nicholas, Lake County Extension adviser.

All pine varieties produce new shoots in May with bud clusters on the ends. Pruning in early June regulates length of the new shoots while the tree still is able to develop new buds near the cut. A profusion of buds usually develop near the cut, producing more branches and more dense growth.

Do not wait until late summer to prune pines. If you do, they will not develop new buds near the cut and thus cannot produce next year's growth.

For detailed instructions on pruning, Nicholas suggests getting a copy of Circular 1033, "Pruning Evergreens and Deciduous Trees and Shrubs." The publication is now available from the Lake County Cooperative Extension office, located at the Lake County Fairgrounds, Grayslake, Illinois.

### IRVING COOK

Irving Cook, 82 years old of 51 2nd Ave., California Subd., Antioch passed away suddenly at his home Monday, June 7. He was born Sept. 19, 1888 in Park City, Utah, and has lived in Antioch since 1938.

Mr. Cook was a self-employed salesman for many years prior to his retirement. He married Isabel Laing on March 16, 1913, and they had recently celebrated their 58th anniversary.

He was preceded in death by one son, Lorne Cook in 1967. Survivors are his wife, Isabel and two grandchildren.

Funeral services will be held Thursday, June 10, at 11 a.m. at the Strang Funeral Home, 1055 Main St., Antioch. The Rev. L. H. Messersmith of the Millburn Congregational church will officiate. Interment will be private. Friends called at the funeral home after 3 p.m. Wednesday. In lieu of flowers donations may be made to the Cancer Fund.

### FRANK JANCZEWSKI

Frank Janczewski, 84 years old of Camp Lake, Wis., passed away at his home Tuesday, June 8, from an apparent heart attack. He was born Jan. 28, 1887 in Poland and had lived in Lyons, Ill., prior to moving to Camp Lake 20 years ago. He was a retired machinist for the Western Electric Co. in Chicago where he had worked for over 35 years.

Survivors are his wife Julia (nee Wyrwalski); three sisters, one in New York, one in Detroit, Mich., and one in Poland.

Funeral services will be held at 11 a.m. Friday at the Strang Funeral Home, 1055 Main St., Antioch. Interment will be in Liberty Cemetery north of Antioch. Friends may call at the funeral home after 3 p.m. Thursday.

### LEE HAYDEN

Lee Hayden, 14 years old, of Hunt Club Road, Newport, Township passed away suddenly at his home Tuesday, June 8. He was born Jan. 6, 1957 in Waukegan, and has lived in this area all of his life.

He attended Newport Elementary School and graduated from 8th grade on June 4. He would have become a Freshman at Antioch High School this fall. Lee was president of his class in sixth and eighth grade and was an excellent student. He was also captain of the Newport football and basketball teams. In baseball Lee played in the Antioch Minor League, the Little League and was currently a member of the Babe Ruth League.

Lee had been a Boy Scout since joining the Cub troop at the age of 8. He completed the Webelos training and then became a Boy Scout in 1968. He attained the rank of Life Scout and had completed most of the requirements for his Eagle rank.

He is survived by his parents, William and Patricia Hayden; two sisters, Cynthia and Judi, both at home, his maternal grandparents, Mr. and Mrs. L. G. Nemmers of Hampton, Iowa, his paternal grandmother, Mrs. D. S. Hayden, Muscatine, Iowa.

Funeral services will be held Friday, June 11 at 1:30 p.m. at the Strang Funeral Home, 1055 Main St., Antioch. The Rev. L. H. Messersmith of the Millburn Congregational Church will officiate. Interment will be in Hickory Union Cemetery on Edwards Road near Hwy. 45.

Friends may call at the funeral home after 3:00 p.m. Thursday. In lieu of flowers contributions may be made to the Lee Hayden Nature Center Memorial, Newport Elementary School, Rt. 1, Box 198, Zion, Illinois 60099.

### GEORGE HOLSTROM, SR.

George Holstrom, Sr., 79 years old of 2240 W. Grand Ave., Lindenhurst, passed away Monday, June 7 at Victory Memorial Hospital, Waukegan. He was born Feb. 22, 1892 in Chicago and lived there until moving to this area 12 years ago.

Mr. Holstrom was a retired maintenance man and night watchman for General Binding Co. at Northbrook.

Survivors are two sons, George Holstrom, Jr., of Lindenhurst and Robert Holstrom of Monterey, Calif.; one daughter, Mrs. Henry (Agnes) Borgardt, Antioch. Eight grandchildren and three great-grandchildren also survive.

Funeral services will be held Thursday, June 10 at 1:00 p.m. at the Strang Funeral Home, 1055 Main St., Antioch. The Rev. Bernard Fosmark of the Antioch Evangelical Free Church will officiate. Interment will be in Hillside Cemetery, Antioch. Visitation after 3 p.m. Wednesday.
